Tool and Plant Hire

GEM TOOL HIRE & SALES LTD was established in 1979 and in that time has grown substantially to operate out of three depots, with 35 members of staff representing over 250 years of combined experience within the Tool & Plant Industry.

We are able to offer an extensive product and service offering that is second to none, we have over 3,000 products available to hire and we are constantly evaluating our fleet to ensure we keep up to date with the latest technological advances and latest health & safety regulations.

As well as having non-operated plant available to hire, for more specialist situations we can offer a contracting service for concrete diamond drilling & impact moling, our fully trained staff can offer a complete service with consultation and specification through to installation and maintenance on 'stand-by' power units.

With GEM it is possible to hire anything from wallpaper strippers to diggers, access equipment and much, much more. Our stores are fully equipped with a huge range of accessories & consumables and therefore we are a complete 'one stop'

This list is by no means our comprehensive offering as we are continually updating and increasing our fleet of products.

Please contact us if you cannot find any specific item that you require.

Tool and Plant Sales

Our stores are fully stocked with a wide range of hand tools, power tools, contractors tools, ladders, steps, workshop equipment and gardening products. With over 7,000 product lines in stock and access to over 20,000 products, normally for next day delivery*, we are able to cater for all your equipment requirements.

Our pricing remains competitive as we constantly evaluate our pricing structure whilst still maintaining excellent customer care & service by providing technical advice and offering a full repair service for power tools, petrol products & larger plant items.

We stock over 1,000 power tools, and are a main dealers for Industrial manufacturers such as Hitachi, Bosch, Makita & Milwaukee We also stock Ryobi, SIP woodworking machinery and Trend routing products and accessories.

As well as industrial tools, we also stock power tools aimed predominantly at the domestic user which are lower in price and provide excellent value for money.
