

The Hire Supply Company (UK) Ltd

BAR2036TKH-4MS – BARRETO 20HP (HONDA GX630) TRACKED TRENCHER

The Barreto 20HP Tracked Trencher, brought to you by The Hire Supply Company is the smallest dedicated tracked trencher on the market. Ideal for softer ground conditions the new tracked trencher has a larger ground contact area than conventional tyres. This gives lower ground pressure and greater traction. As well as being steerable so you can easily dig those corners and bends without having to reposition the machine.

It features unique fine-tuning control adjustment that uses rod linkage instead of cables. The new Adjustable Trenching Control (ATC) can be positioned to modify the trenching speed of the tracks individually while on the go. By utilizing the individual track controls, the operator has the ability to keep their trench straight when working on uneven terrain.

BARRETO

*LOW MAINTENANCE
AND
HARD WORKING!*

KEY FEATURES

- Engine: Honda 20hp GX630
- Comes With Stand
- Length:233cm
- Width:83cm
- Forward Speed:190ft/min
- Reverse Speed:90ft/min
- Trench Depth: 24"-30" – 36"
Different Depths Available
- Trench Width: 4", 6"
- Weight:767kgs
